4. Fraud and Corruption

- 4.1. UNFPA's Policy regarding fraud and corruption is available by clicking on [Fraud Policy](#) and applies fully to this Bid. Submission of any Bid implies that the Bidder is aware of this Policy.
- 4.2. UNFPA is committed to preventing, identifying, and addressing all acts of fraud against UNFPA, as well as against third parties involved in UNFPA activities. - 4.7. Any supplier participating in UNFPA’s procurement activities must provide all required documents, records, and other elements to UNFPA personnel upon first request to facilitate any investigation of allegations of misconduct by either suppliers or any other party to the procurement activities.  - 25.4.1.3. Non submission of non-historical documents (documents that should be specifically prepared by the Bidder in response to this RFP) by the bid submission deadline.
 - 25.4.1.4. Non-eligibility of the Bidder;
 - 25.4.1.5. Financial information is included in the Technical Bid.

26. Non-conformities, errors, and omissions

- 26.1. Provided that a Bid is substantially responsive:
- 26.1.1. UNFPA may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.
 - 26.1.2. UNFPA may request the Bidder to submit the necessary information or documentation within a reasonable period of time to rectify non-material non-conformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.

- 26.1.3.1. If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail, and the line item total shall be corrected, unless in the opinion of UNFPA there is an obvious misplacement of the decimal point in the unit price. In that case the line item total as quoted shall govern, and the unit price shall be corrected;
- 26.1.3.2. If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.

27. Evaluation of Bids

- 27.1. The evaluation of the Bids will be carried out in a two-step process by an evaluation panel, with evaluation of the Technical Bid being completed prior to any Financial Bid being opened and compared.
- 27.2. The Financial Bid will be opened only for those Bidders, where Technical Bids reach a minimum score of **70%** and whom have fulfilled the supplier qualifications. The total number of points a Bidder may obtain for Technical and Financial Bids is 100 points.
- 27.3. Information relating to the examination, evaluation, comparison, and post-qualification of Bids and recommendation of contract award shall not be disclosed to Bidders or any other person not officially concerned with such process until the contract award is published.
- 27.4. Any effort by a Bidder to influence UNFPA in the examination, evaluation, comparison, and post-qualification of the Bids or contract award decisions may result in the rejection of its Bid.
- 27.5. Notwithstanding from the time of Bid opening to the time of contract award, if any Bidder wishes to contact UNFPA on any matter related to the Bidding process, it should do so in writing.

28. Technical evaluation

- 28.1. The Technical Bid is evaluated on the basis of its responsiveness to the Terms of Reference shown in Section II, the Technical Bids submitted by the Bidders and the evaluation criteria published below.

Criteria	[A] Maximum Points	[B] Points attained by the Bidder	[C] Weighting %	[B] x [C] = [D] Total Points
1. Technical approach and methodology – understanding nature and scope of work	100		25%	
2. Implementation (work) plan and management plan	100		20%	
3. Specific experience and expertise relevant to the assignment	100		15%	
4. Customer Satisfaction/Quality Programme of the Company	100		20%	
5. Organization and staffing	100		20%	
GRAND TOTAL ALL CRITERIA	500		100%	

28.2. Scoring Scale System

28.2.1. The following scoring scale system will be used by the technical evaluation panel to conduct the Technical Bid evaluation objectively.

Degree to which the Terms of Reference requirements are met based on evidence included in the Bid submitted	Points out of 100
Significantly exceeds the requirements	90 – 100
Exceeds the requirements	80 – 89
Meets the requirements	60 – 79
Partially meets the requirements	1 – 59
Does not meet the requirements or no information provided to assess compliance with the requirements	0

29. Supplier qualification requirements

29.1. The responses from the Bidders compared to SECTION VI – ANNEX C: BIDDER IDENTIFICATION FORM and SECTION VI – ANNEX D: BIDDER’S PREVIOUS EXPERIENCE of this document will be evaluated based on the criteria provided below to assess the degree of Bidder qualification for the proposed contract.

Number	Supplier Qualification Parameter	Bid is acceptable? (YES/NO)	Justification
1	Legal and regulatory requirements	UNFPA shall examine the Bid to confirm that it does not contain	

		any material deviations, reservation, or omission related to the General Conditions of Contracts (Section III)	
2	Bidder is established as a company and legally incorporated in the country		
3	Bidder is not a banned or suspended supplier		

29.2. Notwithstanding anything stated above, UNFPA reserves the right to assess the Bidder’s capabilities and capacity to execute the services satisfactorily before deciding on award.

29.3. Even though the Bidders may meet the above qualifying criteria, they can be subject to disqualification if they have made misleading or false representations in the forms, statements and attachments submitted in proof of the qualification requirements, and/or have a record of poor performance such as: not properly completing contracts, inordinate delays in completion, litigation history, financial failures, etc.

30. Financial evaluation

30.1. The Financial Bid will only be evaluated if the Technical Bid achieves the minimum score as indicated in clause 27.2 and is considered qualified through the supplier qualification process described in clause 29. Proposals failing to obtain this minimum technical threshold or those which will not be considered qualified through the supplier qualification process will not be eligible for further consideration.

30.2. The Financial Bid is evaluated on the basis of its responsiveness to the Price Schedule Form SECTION VI – ANNEX E: PRICE SCHEDULE FORM. The maximum number of points for the Financial Bid is 100. This maximum number of points will be allocated to the lowest price. All other Financial Bids will receive points in inverse proportion according to the following formula:

$$\text{Financial Score} = \frac{\text{Lowest Bid (\$)}}{\text{Bid being Scored (\$)}} \times 100 \text{ (Maximum Score)}$$

31. Total score

31.1. The total score for each Bidder will be the weighted sum of the technical score and financial score. The maximum total score is 100 points.

$$\text{Total Score} = 70\% \text{ Technical Score} + 30\% \text{ Financial Score}$$

F. AWARD OF CONTRACT AND FINAL CONSIDERATIONS

32. Award of Contract

32.1. UNFPA intends to award the Contract for Professional Services to the Bidder(s) that obtains the highest combined score of the Technical and Financial evaluation.

33. Rejection of Bids and annulments

- 33.1. UNFPA reserves the right to reject any Bid if the Bidder has previously failed to perform properly or on time in accordance with previous contracts/purchase orders or if the Bidder from UNFPA's perspective is not in a position to deliver pursuant to the contract.
- 33.2. UNFPA reserves the right to annul the RFP and reject all Bids at any time prior to award of the contract without thereby incurring any liability to the affected Bidder(s) or any obligation to provide information.
- 33.3. Bidders waive all rights to appeal against the decision made by UNFPA.

34. Right to vary requirements and to negotiate at time of award

- 34.1. At the time of award of the contract UNFPA reserves the right to vary the quantity of goods and/or services specified in the RFP by up to 20% without any change in hourly/daily or any other rates or prices proposed by the Bidders or other terms and conditions.
- 34.2. UNFPA reserves the right to negotiate the price with the Bid winner before awarding the contract to ensure that the Financial Bid is competitive on all aspects of the price.
 - 34.2.1. The purpose of negotiations of offers selected based on the 'cumulative analysis methodology' is to ensure that the technical proposal is in line with requirements and that the financial proposal is competitive on all aspects of the price.
 - 34.2.2. In the negotiations, any deficiency in the offer will be pointed out to the supplier. The supplier will be allowed to make adjustments in the proposal in order to improve and more clearly specify the contents of the offer. However, under no circumstances shall the requirements (Terms of Reference/specifications) be changed.

35. Signing of the Contract

- 35.1. The procurement official will send the successful Bidder(s) the contract for professional services for a fixed contract value, which constitutes notification of award. Successful Bidder(s) shall sign and date the contract, and return it to UNFPA within 10 calendar days of receipt of the contract. 36. Publication of Contract Award

- 36.1. UNFPA will publish the following contract award information on United Nations Global Marketplace <http://www.ungm.org>, unless it is deemed to be in the interest of UNFPA not to do so: Purchase Order reference Number, Description of the Goods or Services procured, Beneficiary Country, Supplier Name and Country, Contract amount and the issue date of the contract/purchase order.

37. Payment Provisions

- 37.1. UNFPA's policy is to pay for the performance of contractual services rendered or to effect payment upon the achievement of specific milestones described in the contract.

38. Bid protest

- 38.1. Bidder(s) perceiving that they have been unjustly or unfairly treated in connection with a solicitation, evaluation, or award of contract may complain to the UNFPA Head of the

Business Unit Alain Sibenaler, Representative at sibenaler@unfpa.org. Should the supplier be unsatisfied with the reply provided by the UNFPA Head of the Business Unit, the supplier may contact the Chief of the Procurement Services Branch at procurement@unfpa.org.

39. Documents establishing sustainability efforts of the Bidder

39.1. Currently UNFPA is requesting information on environmental and social policies and related documentation with Bids submitted by prospective suppliers. UNFPA is incorporating environmental and social criteria considerations into the evaluation process, such as adherence to Global Compact requirements (more information can be accessed here, <http://www.unglobalcompact.org/>, or by contacting Procurement Services Branch at procurement@unfpa.org). UNFPA encourages suppliers to consider joining the UN Global Compact and to look into other ways to help reduce their environmental impact now.

SECTION II: TERMS OF REFERENCE (TOR)

TERMS OF REFERENCE

BETTER LIFE FOR GIRLS END OF PROJECT EVALUATION

1. Background

UNFPA with funding from the Korea International Cooperation Agency (KOICA) has been implementing a 2 and half year multi-sectoral project aimed at accelerating action to prevent teenage pregnancy and child marriage among adolescent girls in Uganda. The project codenamed Better Life for Girls (BL4G) was launched in May 2016 to advance efforts aimed at preventing teenage pregnancy and child marriage and is scheduled to end in December 2018. Its goal is to strengthen national capacity to deliver improved sexual and reproductive health and rights (SRHR) outcomes and socioeconomic empowerment for adolescent girls in Uganda. The objective is to accelerate action in preventing teenage pregnancy and child marriage by mobilizing communities, strengthening youth friendly service provision and skills based SRHR education including HIV prevention for adolescent girls aged 10-19 years. The project has been using a holistic and gender-focused approach to empower girls and reinforce their position in order to put them on the path to sustainable empowerment. The project built on existing efforts, including the *Let Girls Be Girls* campaign aimed at preventing teenage pregnancy that was launched by the Ministry of Health in 2014 and the African Union Initiative to End Child Marriage that was launched by the Ministry of Gender Labour and Social Development (MoGLSD) in 2015.

UNFPA has been working through a number of implementing partners and stakeholders including the Ministry of Health, Ministry of Education and Sports (MoES), MoGLSD, selected local governments and civil society organizations namely Straight Talk Foundation, Communication for Development Foundation of Uganda, Reach a Hand Uganda and BRAC Uganda. The project covers 14 districts including Amuria, Bududa, Butaleja, Iganga, Kapchorwa, Katakwi, Mayuge in Eastern Uganda and Abim, Amudat, Kaabong, Kotido, Moroto, Nakapiripirit, and Napak in Karamoja region. The project adopted proven strategies including increasing girls' access to quality education and SRHR services; educating parents and communities on the dangers of teenage pregnancy and child marriage; increasing access to life skills for adolescent girls; promoting socioeconomic empowerment of girls; and engaging men and boys to end exploitation, abuse and subjugation of girls.

The project has two broad outcomes and specific interventions that contribute to the goal as shown below;

Outcome 1: Increased accessibility and utilization of age-appropriate sexual and reproductive health and rights (SRHR) information and services by adolescent girls

The key interventions implemented under this outcome include;

- Supporting district authorities to monitor and supervise SRHR programs in target districts
- Orienting adolescent youth sexual and reproductive health and rights (AYSRRH) focal persons in primary and secondary schools on SRHR information and services and use of ICT platforms e.g. SafePal
- Supporting existing and new girl clubs in schools to improve menstrual hygiene management through training in making re-usable pads with local materials and/or provision of menstrual hygiene supplies
- Training of health workers (nurses, midwives and clinical officers) from hospitals, health centre IVs, health centre IIIs and school clinics in the provision of SRHR adolescent and youth friendly services, including effective referral and use of ICT platforms e.g. SafePal
- Provision of youth friendly SRHR information and services at supported health facilities and non-traditional sites including sport events, churches and mosques

Outcome 2: An enabling environment which promotes socioeconomic empowerment of adolescent girls and control over their earnings for the prevention and mitigation of effects of teenage pregnancy

The key interventions implemented under Outcome 2 include;

- Supporting the integration of SRHR, life skills, financial literacy and mentorship into Empowerment and Livelihood for Adolescents (ELA) clubs
- Implementation of a multi-media campaign that engages communities (including religious and cultural leaders) to invest in girls' education, address teenage pregnancy and child marriage
- Establishment of Male Action Groups to dialogue on ways of preventing teenage pregnancy, child marriage and act as an alert system for cases of child marriage, defilement, other forms of gender based violence and harmful practices

2. Evaluation purpose and scope

UNFPA seeks to undertake this evaluation as a means of assessing to what extent the planned Better Life for Girls project outcomes and outputs were achieved including the overall results,

effects/changes realized, good practices, challenges faced and lessons learnt. The evaluation will cover all the 14 supported districts that were included in the baseline evaluation. It will also include a representative sample of health facilities, schools, ELA clubs and project beneficiaries.

The findings will be used by Government, UNFPA, KOICA, partner organizations and other stakeholders to develop/scale up plans, strategies and interventions aimed at accelerating action to prevent teenage pregnancy and child marriage among adolescent girls in Uganda.

3. Specific objectives

The specific objectives are to;

- Assess the extent to which the project achieved its set outcomes, outputs and targets
- Analyse the relevance of specific project components in addressing teenage pregnancy and child marriage as perceived by direct beneficiaries
- Assess the potential for sustainability of project components, results achieved and other efforts aimed at accelerating action to prevent teenage pregnancy and child marriage among adolescent girls in Uganda
- Examine whether the project was implemented in the most efficient manner

4. Evaluation questions

The evaluation will be guided by four of the five parameters of OECD/DAC evaluation criteria namely relevance, effectiveness, efficiency and sustainability. Impact will not be assessed because the project duration was not long enough to reliably measure this parameter. The criteria will be applied using the following evaluation questions:

Relevance

- How relevant were the specific BL4G project components in addressing teenage pregnancy and child marriage as perceived by direct beneficiaries?
- Were the interventions and outputs of the BL4G project consistent with the overall goal, objectives and outcomes?
- To what extent was BL4G project support aligned to (i) the needs of the target population (ii) capacity and needs of target government ministries and districts (iii) priorities set in national strategy and policy frameworks for ending child marriage and teenage pregnancy?

Effectiveness

- To what extent were BL4G project outputs achieved?
- What major factors facilitated or hindered the achievement of BL4G project outputs?
- To what extent did BL4G project interventions contribute to improved SRHR outcomes and socioeconomic empowerment of adolescent girls in target districts?

- What difference did the BL4G project make in the lives of ELA club beneficiaries?

Efficiency

- To what extent did the implementation mechanisms foster or hinder the achievement of the project outputs? This includes assessment of timeliness in release of funds, implementation rates, reporting, fund utilization rates etc.
- Was the BL4G project implemented in the most efficient manner?
- Were BL4G project outputs achieved on time?

Sustainability

- To what extent are BL4G project interventions likely to continue after donor funding has ended?
- To what extent has the BL4G project supported implementing partners to develop capacities and mechanisms to ensure ownership and sustainability of interventions?

5. Proposed methodology

A quasi-experimental evaluation design is proposed for assessing the contribution of the BL4G project to improved SRHR outcomes and socioeconomic empowerment of adolescent girls in target districts. Mixed-methods will be employed to generate data that will answer the study objectives and evaluation questions. In order to estimate the contribution of the project, a non-equivalent control group involving entities that were not project beneficiaries will be used.

A more detailed study approach and methodology will be developed by the selected consultancy firm after a competitive procurement process.

6. Key deliverables

The consultancy firm selected to undertake the evaluation will be expected to submit the following;

- A detailed inception report and data collection tools after signing the consultancy agreement
- Letters from the Research Ethics Committee/Institutional Review Board and UNCST approving the implementation of the evaluation
- A draft evaluation report for review by the UNFPA Knowledge Management Committee
- A final report after incorporating comments from the Knowledge Management Committee
- A copy of the final datasets in Stata and MS Excel, complete with the outputs of the analysis

7. Team composition and qualifications

The evaluation will be carried out by a core team of two consultants with one being the team leader and the other a team member. The team leader will be responsible for all deliverables.

Experience and qualifications of the Team Leader

- 10 -12 years' experience in leading evaluations of a similar design, size, complexity and character, as well as vast technical expertise in research and evaluation of adolescent/youth sexual and reproductive health, child marriage, behavior change, gender equality and women's empowerment programmes in low income countries
- Proven skills in robust evaluation designs, quantitative and qualitative data analysis techniques
- A Master's degree or PhD in evaluation, public health, gender studies, sociology, development studies, population and reproductive health, statistics or any other related field
- Excellent report writing skills
- Experience in leading teams

Experience and qualifications of the Team Member

- 6 -8 years' experience in conducting evaluations of a similar design, size, complexity and character as well as technical expertise in research and evaluation of adolescent/youth sexual and reproductive health, child marriage, behavior change, gender equality and women's empowerment programmes in low income countries
- Proven skills in robust evaluation designs, quantitative and qualitative data analysis techniques
- A Master's degree in public health, gender studies, sociology, development studies, population and reproductive health, statistics or any other related field
- Excellent report writing skills

The core team is expected to recruit other resource persons if deemed necessary to support different phases of the evaluation.

8. Management of the evaluation

The survey will be managed by the selected consultancy firm in collaboration with UNFPA. The UNFPA Knowledge Management Committee will review, provide comments on the inception report, data collection tools and draft report submitted and clear all the key deliverables. The UNFPA M&E Specialist will monitor implementation of the survey and provide quality assurance for the entire

process.

9. Duration of the evaluation exercise

The entire exercise is expected to last 45 calendar days from the date of signing the consultancy contract. The final report is expected not later than December 15, 2018. Below is a breakdown of the allocated time;

Key Tasks	Allocated days
Development of the inception report and data collection tools	7 days
Development of the research protocol for IRB review	3 days
Training of research assistants and pretest of tools	7 days
Data collection phase	13 days
Data analysis and report writing	10 days
Revision of the draft report and submission of the final report	5 days

10. Proposal evaluation criteria

Proposals will be subjected to a three-stage evaluation process namely compliance review, technical review and financial review.

Compliance review will check whether firms submitted the following requirements;

- Certificates of registration (evidence of legal status)
- Up to date CVs for at least two key personnel including the Team Leader
- Evidence of the firm`s previous work on similar assignments
- Technical and financial proposals

Firms missing any of the above key requirements will be dropped at this stage.

Technical review will assess bidder`s responsiveness to the terms of reference, level of understanding of evaluation objectives and questions, the proposed approach, methodology (with emphasis on how a quasi-experimental evaluation design will be operationalized), sampling methods, data analysis plan, evidence of prior experience in similar studies, team composition and qualifications among others. Proposals that do not score at least 70% of the technical score will not be considered for financial review.

Financial review: The maximum number of points will be allocated to the lowest price. All other financial proposals will receive points in inverse proportion to the lowest bidder.

UNFPA will award the contract for professional services to the firm that obtains the highest combined score for the technical and financial review.
