

REQUEST FOR QUOTATION

SUPPLY AND INSTALLATION OF BLOOD BANK REFRIGERATORS AND SOLAR PANELS

UNFPA, the United Nations reproductive health and rights agency, aims to achieve Universal access to sexual and reproductive health and rights for all.

UNFPA Uganda ensures that an integrated package of sexual and reproductive health and rights (SRHR) is available to each and every woman, man, boy and girl in Uganda. In particular, the agency focuses on three transformative results: ending preventable maternal deaths, ending unmet need for family planning, and ending all gender-based violence and harmful practices towards women and girls.

Through the project 'Delivering life-saving Sexual Reproductive Health and Rights (SRHR) and Gender Based Violence (GBV) services to vulnerable populations in need in refugee settlements and host communities in Western and Northern Uganda', UNFPA supports the functionalization of Health Centres IVs in refugee hosting districts of Uganda and support community demand creation to reduce maternal mortality among refugees and host communities.

UNFPA therefore seeks to engage the services of a reputable firm to supply solar powered Blood Bank Refrigerators to health facilities in 5 locations in Western and Northern Uganda respectively. The firm will also supply Solar Panels and Accessories and Install the equipment at the five sites before handover.

Bids should be submitted to email: procurement.ug@unfpa.org, not later than August 02, 2021, at 04.00 p.m. Kampala time. Bids received after this date and time shall not be accepted.

Clarifications relating to the advert shall be sent in writing to: karuhanga@unfpa.org
